Methodology and Assumptions:

- 1. Identified all recipients receiving inpatient service last calendar year and idenfied their expenditures for that service as well as their current status in BayouHealth (BH).
- 2. Identified percentages of expenditures for those recipients in pre-paid vs. fee for service.
- 3. Sorted these recipients and expenditures by Provider

NOTE: This methodology assumes that recipient behavoir and utilization of services is consistent.

Source data: data warehouse report of all inpatient claims in calendar year 2011 and a current Bayou health data file showing the current enrollment status of all recipients
